

What will make you happy?

Monday Motivation 8-9-21

Ponder these questions:

What will make me happy....

In my personal life

In my professional life

In my relationships

In my family

In my community

Then stretch it out for 6 months/1 year/5 years.

Think big...think outside your comfort zone, think all the big what-ifs and put down the crazy thoughts!

Can't wait to see if this makes you change in any way!!
